

Say Yes to FCS Lesson Plan

Topic:

Career and future exploration

Grade Level: 7-12

Time Frame: 20 - 30 Minutes

Materials Needed:

- Roll out My Future worksheet
- Die template (1 per student)

Objective:

Students will research, compare and analyze potential future career pathways and lifestyles based on chance.

Family and Consumer Sciences Standards:

Career, Community and Family Connections: 1.1.3, 1.1.4, 1.3.1, 1.1.6, & 1.2.5

Instructions:

1. Provide each student a "Roll out my Future" worksheet and a die template.
2. Die can be cut and pasted ahead of time, or real die can be used as well.
3. Students will have to roll the die to find their future in each category.
4. Once they have something for each area selected, they will have to answer the reflection questions based on their results.
5. Go over answers and results after as a group or individually.

Follow Up Questions:

- How realistic is it to have your future based on chance?
- How realistic are your future goals?
- What outcomes did you like and what did you not like?
- How can you insure your future is not based on chance?

"Roll Out" My Future

Student Directions: For each category in the boxes below, roll the die to determine what your final outcome will be. Roll the die and cross out the number that is rolled. For example, in the housing category, if you roll a two, you would cross out the word "mansion." Continue rolling until you have rolled the die enough times to have only one option remaining. This will be your final outcome for each category. Circle your final outcome in each category, then answer the reflection questions.
