

Advocacy

FCCLA STAR Events Information (Students Taking Action with Recognition)

Advocacy, an individual or team event, recognizes participants who demonstrate their knowledge, skills, and abilities to actively identify a local, state, national or global concern, research the topic, identify a target audience and potential partnerships, form an action plan, and advocate for the issue in an effort to positively affect a policy or law. Participants must prepare a portfolio and oral presentation. *Event is offered to members in the following categories: Junior (through grade 9), Senior (grades 10-12), Occupational (grades 10-12), Postsecondary*

Project Connections

Top 5 Skills Students Report Learning Through Participation

Advocacy

FCCLA STAR Events Information (Students Taking Action with Recognition)

Examples of Advocacy Projects:

"One of the world's biggest problems is the growing number of children not receiving an education. I have proposed a small tax that could help with this issue. More than 72 million children under the age of 10 are not receiving an education, and over 759 million adults did not receive an education as a child making them illiterate. By a small "World education tax" of 0.025% (\$170 from the median US income) the United States alone would raise almost 200 million dollars. If every developed nation (49 countries) had this small tax, each year about \$9.8 billion dollars would be raised for education. At \$5,000 per child per year of education, with this tax more than 18 million more children will receive the education they deserve a year. A tiny tax on the citizens of developed nations can decrease the lack of childhood education by 30%. With this project I have helped to share this idea with social media, and I have partnered with "Teachers Without Borders" to make this idea more of a reality. With this project I have researched a topic I am passionate about and taken action to try to fix the problem."

Colorado FCCLA Member

"I am passionate about women's and children's rights and became interested in cyber stalking and cyber bullying. I am advocating for tougher punishment for perpetrators. Awareness of the trauma it causes the victims needs to be raised, along with pushing for tougher penalties for the crime. I am working with AWAKE of Tennessee and various Representatives to advocate for this Bill."

Tennessee FCCLA Member

"After pretesting more than 200 Nebraska students with the U.S citizen test we discovered, with an 83% fail rate, that Nebraska schools are facing a civics crisis! Our project involves creating a resource to help schools teach civics, advocating to Nebraska schools to incorporate the U.S citizenship test into their curriculum, and to advocate to the Nebraska Legislature to pass a law requiring students to pass the U.S citizenship test in order to graduate. Our project also includes civics education and outreach to our communities."

Nebraska FCCLA Member

Advocacy By the Numbers:

2017-2018

Participants Nationwide: 458 teams, 816 participants

Type of Event: Leadership

Categories: Junior, Senior, Occupational, Postsecondary

Nationwide Impact: 699,626 people
