(Students Taking Action with Recognition)

Examples of National Programs in Action Projects:

"Our project focuses on Organ Donation Awareness. We planned an assembly for students in grades 9-12, made a video in memory of the mother of a former FCCLA member, encouraged 9-12 graders to talk to their parents about becoming an organ donor, and provided a pamphlet for them to take home about organ donation." Alabama FCCLA Members

"Our project was designed to promote safe driving within our community. Along with promoting safe driving, we encouraged community members to take the pledge to not text and drive. To kick off FCCLA week, we hosted a safety day at our high school. This day involved stopping people and checking to see if they were wearing their seatbelts. We then asked the drivers to partake in the safety pledge of not texting and driving." Colorado FCCLA Members

"Our project is over working out, because we wanted to get more physically fit. We started doing weekly workouts every Tuesday and Thursday in our school weight room, following the workout given to us by our adviser. We learned how to do the exercises and how to teach them to others, and plan to have more people to work out with us." Georgia FCCLA Members

"We noticed there was not a place to park our bikes at the Swisher Community Library. We decided to raise money to purchase a bicycle rack. As the project progressed we raised enough money to also build a bench for seating outside the library. The project took planning, organizing, financing and hard work." Iowa FCCLA Members

"Our project is working to connect people of our generation to understand and communicate with the elderly. Our group decided to create activities to do together with residents at a nursing home. After planning we chose to take five visits to do the following activities: Game Night, Spa Day, Movie Night, Christmas Celebration, and Follow-Up." Indiana FCCLA Members

National Programs in Action By the Numbers: 2016-2017

Participants Nationwide: 528 teams, 1,057 participants

Categories: Junior, Senior, Occupational

Type of Event: Foundational

Nationwide Impact: 6,897,866 people

94% of National Programs in Action participants indicated this event is extremely or very useful to their future.
