FCCLA NATIONAL LEADERSHIP CONFERENCE
Fiscal-Year Scheduling Verification

To School and District Administrators and Business Officials:

Family, Career and Community Leaders of America, Inc.® (FCCLA®) provides this statement to clarify the scheduling of the 2026 and 2027 FCCLA National Leadership Conferences (NLC) for schools and districts whose fiscal year runs from July through June.

The 2026 FCCLA National Leadership Conference was held July 6–10, 2026, in Washington, D.C. The 2027 FCCLA National Leadership Conference will be held June 22–26, 2027, in San Antonio, Texas.

Because of this change in the annual conference calendar, both conferences fall within the July 2026–June 2027 fiscal year for many schools and school districts.

These are two separate annual FCCLA National Leadership Conferences. The appearance of two NLC-related expenses within the same fiscal year is the result of conference scheduling and does not represent duplicate participation in the same annual conference.

Each National Leadership Conference represents a distinct annual FCCLA program cycle and provides educational programming, leadership development, career exploration, recognition, and national Competitive Events opportunities. Students participating in the June 2027 NLC may qualify for national Competitive Events through advancement occurring during the 2026–2027 school year.

FCCLA recognizes that this temporary scheduling overlap may create an unusual budgeting circumstance for some schools and districts. FCCLA respectfully asks school administrators and business officials to consider the 2026 and 2027 National Leadership Conferences as two distinct annual educational experiences when reviewing chapter, student, and adviser participation and related expenses.

Sincerely,

Sandy Spavone
FCCLA Chief Executive Officer

Questions regarding the National Leadership Conference or verification of conference dates may be directed to FCCLA National Headquarters.
