REAL WORLD SKILLS THROUGH FCS EDUCATION
True to FCCLA’s motto, the organization continues to move toward new horizons. Throughout this past year, FCCLA began our first year working under the new strategic plan that focuses on providing students and advisers with resources and opportunities to advance Family and Consumer Sciences education and ultimately strengthen their family, career, and communities.

The 2018-2019 fiscal year brought FCCLA much success. FCCLA secured new partnerships, strengthened existing partnerships, increased membership, and became more fiscally secure. Along with these efforts, FCCLA improved brand recognition and refined programs. FCCLA continues to provide students with 21st century skills and career and technical leadership experience applicable to their selected college or career path.

The success of FCCLA is attributed to the continued support and leadership of the board of directors, state and chapter advisers, student participation, and national staff. We are thankful to have a family of dedicated leaders committed to FCCLA’s mission who diligently lead FCCLA toward financial security, growing membership, and providing students and advisers with the resources, support, and skills needed to thrive inside as well as outside the classroom.

FCCLA is excited to celebrate 75 years of leadership in the next year. We are confident FCCLA will have continued growth and advancement of adviser resources, program development, and membership recruitment. Just as FCCLA encourages members to believe in yourself, we believe through the work of FCCLA and the Family and Consumer Sciences classroom, FCCLA will continue to prepare today’s students and educators to lead those of tomorrow.
Family, Career and Community Leaders of America (FCCLA) engages members in exploring career pathways and building employability skills through dynamic Family and Consumer Sciences courses. From the classroom to the National Leadership Conference, FCCLA encourages all members and advisers to "Believe in Yourself." FCCLA has secured new partnerships and continues to focus on career opportunities and leadership experiences aimed at strengthening the foundation of families across America.
