

Getting To Know Our Community

School Name:

School Demographics

Total Population:

- 2022-2023 -
- 2021-2022 -
- 2021-2020 -

List the population demographics you will highlight in your project. Example demographics include: race, ethnicity, gender, grade level, etc.

Research and record the population demographics listed above for the past three years in your school.

Showcase your demographic research using a graph or chart of your choice. Insert an image of the graph or chart below.

Chapter Demographics

Date Chapter was Established:

Chapter Adviser(s):

Chapter Officer(s) and Position:

Historical Chapter Member Numbers

Research and determine the total number of members for the chapter for the past three years. If possible, break down chapter member numbers into demographic groups created under the school population.

Showcase your research using a graph or chart of your choice. Insert an image of the graph or chart below.

Historical Chapter Awards and Recognition

Research and determine the number of chapter awards and recognition provided at the local, district, state, and/or national levels over the past three years to include:

- Competitive Events Participation: State-Level Specific Events, Skill Demonstration Events, STAR Events, Knowledge Matters Virtual Simulation, LifeSmarts FCCLA Knowledge Bowl
- National Program Award Applications to include Power of One Individual Recognition
- Go for the Red or other Membership Award Recognition for the chapter and individuals
- FCCLA Partner Contest participation: Say Yes to FCS, Safe Rides Save Lives PSA, Campaign for Tobacco-Free Kids, FACTS State-Level Awards, etc.
- Other local, district, state, and/or national level awards and recognition

Historical Chapter Event and/or Conference Attendance

Research and determine the number of local, district, state, and/or national events or conferences the chapter has attended over the past three years.

Showcase your historical chapter research using a graph, chart, or other visualization method of your choice. Insert the visual below.

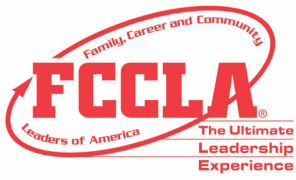

Community Knowledge of FCCLA and Family Consumer Sciences (FCS) education

List all FCS courses offered at the school and identify the FCCLA Career Pathway and/or local or state Career Pathways these courses align with.

List community organizations and/or businesses that align with your school's FCS courses and/or Career Pathways.

As a class, determine a method that will help gain a better understanding of the knowledge the community and school has about FCCLA and FCS courses. Create a visual highlighting the determined method's results to include in your project portfolio.
