This criticality survey contains instructional criteria for FCCLA Professional Adviser Standards and the related student learning outcomes. Each learning outcome was rated by the field as to how important it is to include as a foundational outcome for current FCCLA chapter advisers or future advisers completing a traditional or alternative teacher-licensing program.

The ratings values used are as follows:
1. Nice to Know = Helpful, but not critical for all advisers
2. Need to Know = Advisers should know, or know how to find information
3. Critical to Know = Essential skills and knowledge for all advisers

Any standard receiving above 2.0 as the average rating reflects the knowledge needed or essential to be a successful FCCLA Adviser.
