

Financial Fitness involves youth teaching one another how to earn, spend, save, and protect money wisely.

The FCCLA **Financial Fitness** national peer education program involves youth teaching one another how to earn, spend, save, and protect money wisely. Through FCCLA's Financial Fitness program, youth plan and carry out projects that help them and their peers learn to become wise financial managers and smart consumers. Youth leaders can build their peers' financial literacy and teach them skills for managing their finances today and in the future.

Financial Fitness Goals

- Inform and inspire teens to sharpen their skills in money management, consumerism, and financial planning
- Create a national network of young people who use teen-to-teen communications to share information
- Provide teenagers with an opportunity to develop communication and leadership skills by being peer educators

Financial Fitness Units

Each youth-created Financial Fitness project relates to one of the following four (4) units—

Earning – sharpen on-the-job financial fitness
Spending – track and plan personal spending
Saving – conquer bank accounts, credit, and investments
Protecting – keep financial and personal interests safe
