Human Services

Supporting the Health of Individuals, Families, and Communities Through FCS Education

The Human Services Career Cluster focuses on careers that improve the quality of life for individuals and communities by addressing personal, family, and societal needs. This cluster includes roles in counseling, mental health services, family and community services, personal care, and consumer advocacy. Professionals in this field empower people to navigate challenges, achieve personal goals, and enhance their well-being through support, education, and resources. Careers in human services are dedicated to making a meaningful impact on the lives of others.
