CRITERIA:	ACCOMPLISHED SKILL 10-9	COMPETENCY IN SKILL 8-7	DEVELOPING SKILL 6-5	SCORE
PRESENTATION:	Garment is professionally presented. All loose threads are trimmed.	Garment has minimal loose threads and is adequately presented.	Garment has multiple threads hanging and lacks professional presentation.	
DESIGN ELEMENTS: Fabric	Fabric is used in an effective manner, appropriate to design. Drape of the garment is effective, on grain line, and used to the best advantage of fabric.	Fabric seems adequately effective for style lines and design, with minimal disadvantages. Drape of the garment shows some minor flaws.	Fabric has technical issues in performance relating to design of the garment. Drape of the garment has multiple problems in supporting the overall usage of the fabric.	
DESIGN ELEMENTS: Style/ Trend	Garment is 'on-trend' and marketable. IF Recycled materials are used, these fully support the style of the garment.	Garment is adequately connected to current trends. IF Recycled materials are used they are somewhat effective in supporting garment style.	Garment seems dated and 'off-trend'. IF Recycled materials are used they have not supported the style of the garment effectively.	
FIT AND BALANCE	Fit is accurate with ease, lengthwise and crosswise, grain is maintained, hang is precise. Closures allow proper access.	Fit, style lines and ease are placed with some inconsistency. Grain is appropriate but not always placed correctly.	Fit, style lines and ease are incorrectly placed but present. Grain is not consistent and hang of garment is compromised.	
CONSTRUCTION:	Cutting is clean and accurate. Sewing is skilled with correct seam allowances and even stitches. Seam lines match up and "walk" according to style line requirements.	Cutting is somewhat accurate. Sewing is adequate with acceptable skill, however some seam allowances and stitches are uneven. Most seam lines match up and "walk" according to style lines.	Cutting lacks overall quality and precision. Sewing lacks consistent skill. Multiple seam lines do not match up or "walk" according to style lines.	
FINISHING:	Garment is pressed and presented on dress form/model neatly.	Garment has inconsistencies in pressing and presentation on Dress form/model.	Garment is not pressed and is not complete on Dress form/model.	
INSPIRATION:	Inspiration for garment design has been fully presented. The creative process has been explained in detail.	Inspiration for garment design has been moderately presented. Some details are missing in the creative process.	Inspiration for the garment creation is not presented or understood. Details of the creative process are minimal.
