

2020 Virtual NLC Engagement Ideas

Virtual NLC Engagement Ideas:

1. Use the Conference and actives here as a part of your new officer training.
2. Have officers attend different presentations and sessions and then come together to plan a chapter training for the fall based on what they learned and experienced. Have them select the sessions ahead of time as a group so they can plan topics that will help their chapter.
3. Make a bingo board out of all of the events/presentations/speakers (assign to an officer). Have the students attend as many as they can and turn in the bingo cards for prize drawings. They could provide some info for each entry on their bingo board to earn that spot.
4. Host a culinary or baking contest.
5. Host a graduation ceremony for your members who are seniors Consider sending them care packages.
